EXPERIENCE

Truebil, Mumbai — *Software Developer (Frontend)*

Jan 2019 - PRESENT

I am working on js frameworks like Reactjs, Redux and Nextjs which are used in truebil mobile progressive web app with server side rendering in node js.

Otter-Trotter, Ahmedabad — *Product Development Intern*

MAY 2018 - JULY 2018

Developed merchant side web application using Reactjs and Redux. In this web app users gives inquiry to our system about their holiday plans and then according to this information our system gives day wise itinerary of their trips.

PROJECTS

Maze Solver System Using AI Algorithms —Self Guided

Developed a Maze Solving System Using Reactjs and Machine Learning where Maze solving is the act of finding a route through the maze from start to finish. We used AI algorithms like A-Star DFS and BFS..
